

SOLSONS® SAFETY TOOLS

International Awards Winner

Non-Sparking, Non-Magnetic & Corrosion Resistant

When it is a question of safety, fire is more costly than tools....

Usage

- Usage of safety tools is mandatory in the industries like Petrochemicals, Oil, Gas & Off-shore, Chemical & Paint, Explosive manufacturers, Pharmaceuticals, Armed forces, Shipyards, Petroleum & Gas pipelines, Aircraft & Missile factories, Airports, Tankers & many more where a spark creates potential fire or explosion.
- Tested & certified by Central Mining Research Institute (CMRI), Dhanbad, India.
- The best advantage of Solsons Spark-free Tools is due to their innovative design. They can be used for a pretty long period as the harder you turn, the tighter they grip.

Awards

- All tools "First time in the World".
- Winner of First Award, Chicago, USA.
- Silver award from WIPO, Geneva, Switzerland. (World Intellectual Property Organisation).
- "Better than the ones you've got" - The New York Times.
- Retailers' Choice Award, Chicago, USA.
- International Patents, Designs & Copyrights regd.
- Available in Aluminum Bronze alloy.
- Can also be supplied in Copper Beryllium.
